## THE LISTS HAVE CLOSED

Late Entries Furnish Some Surprises In the Knox  
County Primary Contests

Events moved rapidly in local political circles during the weekend because of the desire of candidates to get under the wire before the primary nomination list closed in August.

There were three last-minute entries in the Democratic party which are bound to arouse interest. One was Job H. Montgomery of Camden, who seeks the nomination for State Senator. Mr. Montgomery, president of the Knox County Bar Association, served in the House some years ago, and will now contest with William A. Smith of Vinalhaven for the honor of occupying Knox County's chair in the upper branch.

The other two candidates who appeared late in the field are Dr. F. O. Bartlett and Eugene R. Spear, former manager of the Rockland-Belfast telephone district, who desire to be nominated for representatives to Legislature. Preceding them in the field for that honor were D. Robert McCarty and John J. Perry. It is pretty generally understood that Messrs. Perry and Spear belong to the genus known as Morancrats, while Messrs. McCarty and Bartlett are of the common garden variety of Democrats, so long cultivated by that party.

Harrison MacAlman of Rockland was the latest Republican entry for the June primaries. He seeks the sheriff nomination.

Via Bangor yesterday came the announcement that Luke S. Davis, had withdrawn from the Republican sheriff contest in favor of Leroy A. Black.

## Out of the Distant Past Number 11

This is "distant past" with a vengeance, for the scene is Clark Island, 1873—a group of hardy granite workers, snapped in a period when beards were popular, and most men were too busy to await the call of "next" in a barber shop. Probably very few of these men are now living, but in the group some of our readers may recognize their father, grandfather or an older brother. In the group will be seen men of advanced years, and among them some workers who had hardly passed the threshold which separates boyhood and manhood. Their life mission was to delve from the earth that rock which has played such an important part in world affairs when manipulated by man's constructive genius. Today the production of cut stone has unfortunately come to be almost a lost art, but the granite centers of Knox and Hancock counties have played a very prominent part in industry over a long period of years, and a review in these localities of the above group will doubtless call to mind many interesting anecdotes.

## IN EFFECT NEXT MONDAY

Hugh S. Johnson Signs Code For Wholesale  
Lobster Industry, Including Double Gauge

National Recovery Administrator

Hugh S. Johnson Saturday signed the code for the wholesale lobster industry, which included the clause limiting lobster sales to those between 9 1/2 and 13 1/2 inches in length.

Inclusion of the size limitation on lobsters was urged by the industry and by the Bureau of Fisheries in the face of Canadian protests. The Bureau of Fisheries and Lobstermen pointed out that the restriction was necessary for conservation purposes in that lobsters below that size were immature and that 85 per cent of lobsters most efficient in reproducing their species were above that size.

The restriction embodies the provisions of conservation laws in Maine and other lobster producing states. Canadian lobster producers had protested through the State Department

that the restriction would militate against Canadian exports to this country.

The code adhered to the Labor provision for a \$60 per month minimum for smack employees, \$67.50 per month for pound employees, and \$20 per week for others.

It would permit the employment of no person in the industry less than 18 years old.

The code will take effect next Monday.

Opponents of the double gauge measure in this State will continue their fight for a referendum.

Brann, who signed that act, is disinclined to take the responsibility of passing upon the validity of the signature to the petition and has framed certain questions for the Law Court to answer.

## WHY HAVE DANGEROUS PETS?

Monkey Owned By Maxine Elliott Shows Temper  
By Biting Its Mistress

Juan-les-pins, France, April 15.—Kiki, Maxine Elliott's pet monkey, bit her severely on the leg Sunday while she was playing backgammon, and lost all his teeth as a consequence.

The animal's reputation on the Riviera has not been helped any by chasing guests in chic hotels and chewing up expensive tapestries.

A year ago last January the monkey escaped from an automobile at Cannes and entered the revolving door of a hotel. His unauthorized excursion ended in his biting the leg of John Moffet, Jr., of New York, who was walking with his nurse in the rotunda.

Miss Elliott, recalling that King Alexander of Greece died in 1920 from a monkey bite, said she thought that immediate treatment had removed all danger in her own case.

## BANQUET FOR CAPT. WILLARD

Popular Inspecting Officer Will Terminate Six-  
Year Tour Of Duty Here In August

The annual Federal inspection of

the Second Battalion, 240th CA, was completed last week by Captain Sherman E. Willard, the inspecting officer.

Tuesday Battery E (Rockland) and the Battalion Headquarters were inspected. Wednesday Battery F (Thomaston). Inspection included an inspection of all records, armory and gun buildings, and other military equipment in the afternoon, and a detailed training inspection of the personnel of the batteries in the evening.

A record was made by the entire battalion when after roll call Wednesday it was found that of the 10 officers and 122 men members of the battalion 100 per cent had been present for the inspection.

Willard made the statement that in more than 20 years of military service he had never seen a better inspection by National Guard Troops. The inspection at Rockland was a marvel of precision and completeness.

Willard for his work with their batteries and the meeting adjourned with best wishes that Captain Willard enjoys a successful tour at Fort Wright, N. Y.

Captains Eldridge and Saville made short speeches thanking Captain Willard for his work with their batteries and the meeting adjourned with best wishes that Captain Willard enjoys a successful tour at Fort Wright, N. Y.

## DR. ADAMS RETIRES

Dean of Rockland Physicians

To Be Succeeded By Dr.

Weisman of Cambridge

Dr. H. J. Weisman of Cambridge, Mass., has bought the office equipment and good will of Dr. F. B. Adams and will begin practice here May 1st, another room having meantime been added to his suite of offices. He is a graduate of Harvard College and Tufts Medical College, and has had a long and valuable hospital experience.

This deal involves the retirement of the dean of Rockland physicians, Dr. Adams located in this city May 29, 1890, and with almost 44 years of local practice to his credit has become widely known in the medical profession, and has had an honorable and successful career in attending to the ailments of several generations of Rockland citizens.

Dr. Adams is a native of Orland and a graduate of East Maine Conference Seminary at Bucksport and the University Medical College of the city of New York, which late became the Bellevue Medical College. He was one of the nine incorporators of Knox Hospital who bought the Stackpole property on Maple and White streets, and with Dr. W. F. Hart of Camden is the sole survivor of that group.

He retired from the hospital staff five years ago, having reached the age limit.

Dr. Adams is a member of the Knox County Medical Society, Maine State Medical Society and American Medical Society.

Despite exacting professional duties Dr. Adams has found time in later years to travel quite extensively, and now plans to spend some of his winters, at least, in Florida. His fondness for Rockland will cause him to retain it as a summer home. At present he has apartments at the Narragansett Hotel.

## MRS. AMES RETIRES

After Six Years of Valuable Work For

the Matinicus Nursing Service

A meeting of Matinicus Nursing Service was held on the island Friday night, followed by a supper and dance at Pythian hall. Miss Grace Stanley, R. N., of the Department of Health, Augusta, was the speaker.

Arthur Philbrook, treasurer, reported a cash balance of \$65.

Mrs. Frank Ames, retired from the chairmanship, in which capacity she has done so much valuable work the past six years; and was succeeded by Mrs. Gladys Young. Other members of the committee are now composed of Mrs. Ivan Philbrook, secretary; and Arthur Philbrook, treasurer. Resolutions of appreciation for Mrs. Ames' work were adopted, and the new chairman was assured of hearty co-operation.

YOUR FAVORITE POEM

APRIL

Sweet spring, which in the gentle heart dost burn,

Thou giv'st to men more joy than is their due.

Now it is April, and the birds return, And every field is spread with verdure new.

And, each in its known hue, The firstling garlands of the woodland Have strewn the withered groves with their delight.

The corn and the shad tree, high and white, Like troops of dancers on the hillside new.

For now that tide is high When hoarse with tumult in the clamorous plain, The wild voice of the stream wakes all night long.

And, day by day, the waters' rustling sounds In the swollen pastures, steeped with rain.

April, thy sweet domain Is filled with wakefulness in every part, The brooding farmer, restless with his flocks, Hath eyed his plough with newly quickened heart.

Daily, birds come; the first weak moths appear; And, to the hillside near, The sun at evening lingers to depart. —John Finley, Jr.

### RAISING A BOY

Rev. Mr. MacDonald Tells What It Costs Parents, State and Society

The W.C.T.U. met Friday at the home of Mrs. Frances Morse with Mrs. Nellie McKay hostess and program leader. The program subject was "Our Young People." Articles from the Union Signal on "The Challenge to Youth" were read by Miss Mabel Seavey, Mrs. Amelia Johnson and Mrs. Alice Kittridge.

Mrs. Brewster read from the report of Miss Helen Byrnes, Gen. Sec. of Young People's work that during the year past 163 new Y.P.B.'s had been organized with 1538 new members in the youth movement for temperance.

Rev. J. C. MacDonald, guest speaker, gave a most interesting talk on "The Value of a Boy," setting forth the fact that in the average American family it costs the parents \$2100 to raise a boy to 21 years of age; it costs the State \$300 for his school; it costs the church \$200 for his religious training; and he costs society \$100—a total of about \$3500.

In answer to the query "Is the Boy worth that?" he said, "Yes, if the boy is willing to work and make the most of the opportunities given him. In an ordinary way he would be worth a lot much to his parents and to society, and he might be one of outstanding value to mankind, as Edison was with the electric light. Noah Webster was 35 years compiling his dictionary, which we can have right at hand to turn to, when we have need. He spoke of the Baker Brothers as examples near home, students not long ago at Bates College, they turned down jobs with salaries of \$7,000 and more to go out to India as missionaries.

But not every boy is worth the cost. Unless he is willing to work and do his part he may become a liability to society rather than an asset, and an expense to the State. The boy or child must be given the opportunity and right direction for best development in the home, the school, in the church and in society. If he would be worth all it takes in cost and effort to bring him up to the years of manhood."

It was announced that Mrs. Margaret Crie would be hostess for the meeting April 27—an open meeting with the missionary societies of the city churches. Miss Ada B. Young, Mrs. Amelia Johnson and Mrs. Nellie McKay were appointed a committee on refreshments.

### NEW BRUNSWICK SCALLOPS

Increased catches of scallops by Charlotte County (N. B.) fishermen in some places and decreased catches in others featured dragging operations during recent weeks. Although far below the record catch for one day made at Digby, N. S., just across the Bay of Fundy, when \$5,000 worth of scallops were landed by 45 boats, 30 boats of the Quoddy fleet got between \$1,500 and \$2,000 worth of shellfish during one day's dragging on a newly discovered bed in the vicinity of Barnes' Island off Lord's Cove. One boat got 130 gallons in two days, and the record catch for one day was said to be 90 gallons. Prices dropped considerably as is usual in the Spring, but even so fishermen of Campobello, Deer Island and Grand Manan picked up quite a lot of money scalloping at a time of year when other lines of fishing are practically at a standstill. The fish are sold mainly to three Eastport firms, namely, the B. H. Wilson Fisheries, Frank R. Neal, and Emery Bros.—The Atlantic Fisherman.

Rockland attendants for the finals in the Bowdoin Interscholastic Drama Tournament at Bowdoin College Friday night, when the high school presented "Grandma Pulls the String," were Miss Dorothy Parker, coach, Atwood Levensaler and Mrs. Charlotte Jackson of the faculty; Mr. and Mrs. A. C. Jones, Miss Hazel Marshall, William Anderson, Bernadette Snow, Mary Ginn, Mrs. John Ward, Mr. and Mrs. Jones accompanied by Nathalie Jones, Charles Ellis and Ruth Dondis motored to Brunswick Saturday for the second day's offerings. While Rockland made the same finished presentation as was given in the recent one-act contest at the high school, it won no mention, the decisions being made thus: Garret Schenck, Jr., High of East Millinocket with "The Giant's Stair," first; Cony High of Augusta, "The Finger of God," second; and Stephens High of Rumford, "The Last Mile," third. Helen McDonald and Louise Paoletti of the East Millinocket cast were commended for their portrayal of roles, and Luba Radsky of Cony High was awarded honorable mention. Other schools competing were: Deering High, "Tickless Time," Buckfield High, "The Interview," Hebron Academy, "A Message from Khufu," Maine Central Institute, "Elmer," and Guilford High, "The Drums Oude." The judges were Prof. Stanley B. Smith of Bowdoin College, Harry T. Pulsifer of Brunswick, and Mrs. Arthur Flint Brown of Portland.

The Junior League Sunday evening honored one of Maine's most distinguished B'nai B'rith workers, Ralph Lamport of Portland, meeting at the home of Miss Julia Pollock. Mr. Lamport delivered an interesting and inspiring address on the activities and work of B'nai B'rith and on Prof. Raymond Moley, former assistant U. S. Secretary of State who has recently resigned from that department to become associated with Vincent Astor in the publication of a new magazine "Today." It was voted to send the league hospital quota of \$15 to Mrs. Augustus Katz and a small donation to the Child's Welfare Bureau in Boston. Mrs. Harry Bertram, senior adviser, and Misses Annette Segal and Ann Povich were appointed delegates to the New England Convention in Lewiston Thursday. A social hour and refreshments were enjoyed after the meeting was adjourned.

## Electric Kitchen Opens Today

This is a corner of the all-electric kitchen of the Central Maine Power Co. at 447 Main street, which will be opened to the public today 10 a. m. to 9:30 p. m. The company extends a cordial invitation to the citizens of Rockland and adjacent towns to inspect the collection of ingenious devices which turn drudgery into pleasure. Ample accommodations will be provided and the kitchen is designed to aid all housewives of the community.

### THE TIMES EXPLAINS

Bath "Sports Ed." Was Not Snubbing R.H.S. It Was The Unenlightened Fans

The following is from the Bath Times:

"Why Pick on Rockland?" and "Hasn't Morse High Learned to Respect the Rockland Athletics Yet?" were the headlines of a bit of a story that ran in The Courier-Gazette Tuesday. Apparently Winslow, who as far as this scribe knows handles those items for the Rockland paper, entirely misinterpreted the meaning of the Bath sports ed. in stating relative to a Morse High basketball schedule. "If South Portland, Lewiston, Winslow, Cony, Cheverus, Rockland and a prep school can be booked, every team excepting Rockland would be a natural drawing card."

That in no way implies disrespect for Rockland high athletics. It merely states, and was meant to state, that Rockland's basketball team was not a "natural drawing" card in Bath. That's no insult. It's merely the way the fans happen to size the thing up. If Rockland games in Bath only draw \$50 gates while Lewiston, Winslow, Cony, Cheverus and the prep school hit over the \$100 mark, how else can you interpret it?

This writer has every respect in the world for Rockland high's athletic teams. In the long run, perusing the records, one would probably find that Rockland has handed Morse its share of lickings in all sports, though maybe not as frequently in basketball as others. So, don't get huffy for the writer can say that Morse high isn't a drawing card at South Portland's gym, and while he believes nine times out of 10 Morse give South Portland a battle, just as Rockland will give Morse a hard fight, he means that the fans just wouldn't take to the game. It was in terms of finance the writer was talking, not ability, when he discussed the Morse schedule for 1935.

Now The Courier-Gazette gets a little clearer understanding of the situation. The sports editor of The Times fully appreciates the ability of Rockland High as an antagonist, and admits that it has handed the Morsebacks their "share of lickings in all sports." It's the fans who are at fault for the unmeant but implied snub. The eleven contrary juremen, as it were.

The sports editor of this paper refuses to get excited or indignant, and has only the best wishes for City Editor Purinton and his staff.

### RUBINSTEIN CLUB

Listens To Pleasing Reports and Re-elects Mrs. Copping As Its President

In the annals of the Rubinstein Club appear few, if any, more enjoyable occasions than the spring luncheon and annual meeting which took place Friday at the Universalist vestry, with an attendance of more than 50 members.

Mrs. Katherine Vezie, Mrs. Helen Wentworth, Miss Mabel F. Lamb and Mrs. Faith G. Berry were in charge of the luncheon, which was prepared and served by the mothers of the Junior Vested Choir members. Its excellence evoked expressions of approval. The tables were daintily appointed in a color scheme of yellow and green. At the head table were Mrs. Lillian S. Copping, president; two charter members, Mrs. Lillian Mortland and Mrs. Cora Farwell; Mrs. Grace Crie, vice president; Mrs. Muriel Crie, treasurer; Mrs. Alice Karl, secretary, and Mrs. Gladys Morgan, program chairman.

Mrs. Copping opened the festivities by extending greetings in merry jingles, then followed an original story read by Mrs. Morgan in which names of several members were used as descriptive text. After the first and second courses members read the comedies and jingles which they found at their plates, the answers being supplied by Mrs. Copping and Mrs. Morgan in turn. These comedies were composed by Mrs. Copping and were a clever play upon names of the members. Adjoining was made to the vestry for the program, arranged under the direction of Mrs. Elsa Constantine:

Piano—Minute Waltz — Chopin  
Laura Pomeroy — Chopin  
(Pupil of Miss Constantine)  
Two pianos, eight hands—Overture—  
Faith G. Berry, Nettie Averill, Caroline Littlefield, Katherine Keating

"The Sign of the Cross" — Kretzler  
Violin—Liebesleid — Kretzler  
Hazel Harrison  
Piano duet—Jubal Overture — Von Weber  
Grace Bemis, Maude Wolcott  
Soprano—One Fine Day from "Madame Butterfly" — Puccini  
Helen Wentworth  
Vocal duet—Nearest and Dearest  
Flight of Clouds — Caracciolo  
Tuscan Folk Songs — Caracciolo  
Katherine Vezie, Gladys Morgan  
Soprano—Homage — del Riego  
Helen Wentworth  
Contralto—Matinata — Tosti  
I Love a Little Cottage — O'Hara  
Agnes Witham  
(violin obligato, Esther Morse)  
Chorus—Agnus Dei Chorus — Bizet  
Rubinstein Club Chorus  
Obligato: Mrs. Nicholson  
Accompanied by two pianos—Mrs. Averill  
and Miss Adella Morse  
and violin, Miss Esther Morse

Accompanists were Mrs. Averill, Mrs. Berry, Miss Morse, Miss Edna Gregory and Miss Clemmie Blackington.

Mrs. Karl presented a comprehensive report as secretary. Ten registrations have been received and 29 new members admitted, the roster standing at 116. The new members are: Marianne Bullard, Fern Brown, Elsie Allen Corner, Mildred Demmons of Thomaston, Dorothy Harvie, Hazel Harrison of Thomaston, Mabel Lamb, Nettie Nicholson, Winola Richan, Ethel Szek, Evelyn White, Phyllis Belasco of Thomaston, Ida Drapkin of Camden, Nathalie Jones, Dorothy Lawry, Pauline Starrett, Gertrude Burrows, Maerice Blackington, Annie Conant, Jessie East, Elizabeth Flanders, Alice Fish, Ella Gatecomb, Ida Lawry, Cora Perry, Grace Strout, Emma Willington, Belle Wright, Carrie Williamson.

The club sustained a great loss in the death of Mrs. Clara Spear. There have been 14 regular meetings, three of which have been guest programs. Members attending all meetings are: Mrs. Berry, Mrs. Edna Browne, Miss Fern Brown, Mrs. Karl, Miss Lamb and Mrs. Averill. Tribute was paid to the late George E. Torrey who in recognition of his service to music over a long period of years had been given the lifetime privilege of attending all meetings of the club.

The treasurer's report showed that the club stands in very good condition considering prevailing conditions.

These officers were then elected: President, Mrs. Lillian S. Copping; vice president, Mrs. Grace G. Crie; secretary, Miss Mabel F. Lamb; treasurer, Mrs. Muriel H. Crie; executive board, Mrs. Alice Karl, Mrs. Helen Wentworth, Mrs. Gladys Morgan, Mrs. Lydia Storer, Mrs. Frances McLon, Miss Clemmie Blackington. Mrs. Averill as accompanist and Mrs. Berry as choral director were re-elected. It is most gratifying that Mrs. Copping has consented to direct the club for another year, for to the year just closed which has been unusually successful, she has brought the keen executive ability, vision and inspiration that marked her presidency during the years 1921-24. Mrs. Copping in assuming the presidency for 1934-35 expressed her appreciation of the splendid cooperation which had been accorded her during the year.

Membership tickets will be prepared for sale in August so that the program committee may have a correct list from which to arrange programs the first of October. Year books will be printed shortly. Mrs. Lydia Storer and Miss Caroline Littlefield have been named delegates to the annual convention of the State Federation of Music Clubs which takes place at Augusta May 18-19, with Mrs. Alice Karl and Mrs. Grace Crie as alternates. Mrs. Storer will also represent the club in the Senior Clubs program, and Mrs. Berry will go as accompanist.

The club as its final feature will present April 26, "The Gay 90's," with Mrs. Grace G. Crie as general chairman. This will be open to the public at a small fee and all those who enjoy good music, a costume time and jollity cannot afford to miss this event. Those participating in the program will be in costume of the 90's, and other members are asked to costume, and thus aid in making the occasion a memorable one. Mrs. Crie is arranging several surprise features. Tickets are now on sale by members and it is well to procure one at an early date as they are limited due to the seating capacity of the vestry.

Such consistency, Charles Ponzi is released from jail and the United States may seek to deport him. Samuel Insull is abroad and this country is trying to import him.—Miami Herald.

It was a sorrowful day down around Tillson wharf Saturday for the steamer Westport had made her last trip down east, and there will be no more service between Rockland and Bar Harbor and Rockland and Blue Hill, so far as the Eastern Steamship Lines, Inc., is concerned. A time honored custom, covering almost a century, had gone into the discard. The Westport and Southport will be sold, and everybody is wondering if the discontinuance of these two routes is but a forerunner of the fate which may overtake the Boston and Bangor division. The craft weighs only 20 pounds, is built largely of canvas and plywood, the cockpit being just large enough to accommodate a person who has not passed the 200-pound mark. Thousands of these boats are used in the rivers and ponds of Canada, and it remains to be seen how popular they will become in this country.

Lions Observe Ladies' Night

Ladies' Night was observed by the Lions Club at the last meeting.

The attractive dining room at Stahl's Tavern was decorated with green and yellow, and the spring flowers used were jonquils and pussy willows.

The menu included fruit cocktail, chicken patties, peas, whipped potato, Neapolitan salad, orange pineapple ice cream, angel cake and coffee.

The place cards were the work of Mrs. A. G. Pratt and represented pet cats made of pussywillows, sitting on an artistic fence. Roses marked the places of the Lionesses and a nickel tray ornamented with a "Scottie" tag of each lion.

After the meeting was called to order by King Lion William G. Reed, who after opening prayers, turned the gavel over to Mrs. Isabel M. Labe, chairman for the evening.

She introduced Miss Anna Coughlin of Rockland, who discussed a variety of subjects in an informative manner.

THE WINDING PATH (For The Courier-Gazette)

The path, worn and trodden, Led to a sparkling sea; The path that I so loved— The path so dear to me.

It wound through forests, dense, Around and round the trees, I used to walk it often, And tread on sad, dead leaves.

The breezes so refreshing To me, no more shall be, The sea to which I led, No longer in life I see.

But in my memory, ever, I linger, soft refrain, Of the times that once were, But ne'er shall be again.

I'm old and quite forsaken By friends who used to be; But on my homeward journey That path, I'll tread and be.

Owen Pender.

## STEPS OVER BUMPS

Just how does a car act when it has knee-action? The illustration herewith shows one of the 1934 Hudson cars equipped with the axleflex system of independent front suspension.

It will be noted that the car has climbed to the top of the rock in the road and although the wheel is raised high from the ground, the body has remained perfectly level. This method of independent spring suspension is furnished at no extra charge on Terraplanes and Hudsons for 1934.

The owner has his choice of axleflex or regular front axle. It will be noted that in this type of independent front suspension there is a big safety element in that the axle member is still retained although the wheels are permitted inde-

pendent action in a vertical plane.

Now that the cars have been out in the hands of the public for some time, reports from those who are using the axleflex suspension are coming in as a result of actual experiences. The general consensus of opinion is that there is actually a banking action on curves and on certain types of roads, particularly of the wash-board type. The flexibility permitted with this system prevents any synchronizing of the two front wheels and hence helps to iron-out the road.

A feature of the system is the fact that the sturdy cross-tie formed by the front axle is retained, although the independent wheel action is secured. Another safety consideration is the use of full non-skid tread on the tires.

## DODGES MOUNTAIN

## New Community Joins Our Correspondence List, With Breezy Items

Elbert Oxtom is tending his fine flock of spring lambs.

Margaret Oxtom who fell while getting out of auto, striking on her head, a few weeks ago, has nearly recovered although still lame. She is very active for a woman of her age (82) doing her own housework.

Luke Brewster is mourning the loss of his faithful old mare Nellie which died Tuesday. She was an Iowa mare bought from Cal Burrows soon after the war. She was over 25 years old. Eddie and Alfred Kiskilla performed the burial rites.

The smoke from blueberry pastures has been rising in the air the past week. Those who have burned quite extensively are Selim Ruohomaa on Dodges Mountain and Mr. Kiskilla who bought the Shorer farm a year ago and the Walsh farm belonging to Luke Brewster.

Old friends and neighbors were pleased to hear Herbert Farnham and wife in a musical program over the radio Sunday. He lived as a boy and young man on the Walsh farm next to Irving Brewster's. He now resides at Swan Lake.

Mrs. Eddie Kiskilla, "the new bride" is busy engaged making rugs and quilts. Helen Kiskilla is visiting at her home for a few weeks.

Alfred Carlson has bought the little green house and small field by the mail boxes of Mr. Berman. His youngest daughter and her husband are occupying it.

Aino Kylander got quite a bad scare Monday. He was burning over a small patch and the wind blew over and the fire jumped the wall into the dry grass. It was nearly up to Walter Benner's and Sidney Benner's buildings when stopped. Martin Hill helped fight the flames.

P. Peters has been splitting wood at Brewster Farm the past week.

Billy Butler and man are planting early peas and potatoes.

Louise Benner and sons and Harry Levenhauer have been moving a 30-foot henhouse from Walter Benner's farm to Benner's filling station lot. They had considerable difficulty getting down Kiln Hill, as it slid into the deep ditches twice, but they landed it safe and sound.

Ray Carroll is one who will not remember the past winter with glee as the water pipe which supplies his large herd of hogs, froze and he has had to haul water for several weeks from the quarry.

Luke Brewster has bought a fine young mare from Thamel Young.

Thamel Young is about to dispose of his farm. He is 78, and is very active and industrious. He has his woodpile all fitted for stove.

Sabra Benner had an ill turn last week, but is better now. She is fast 90.

Merton Harrington who has been stopping with his uncle, Chester Grayson, and breaking out roads this winter rode up around the mountain and called at Brewster Farm and had a drink of maple sap Tuesday afternoon. The sap is done running for 1934.

A few small patches of snow remain after the hard rain of Thursday. It seems nice to hear the birds twittering again after the long winter.

## ANOTHER LIGHT GOES

Blue Hill Bay Station To Be Succeeded By Green Island Lighted Bell Buoy

Blue Hill Bay Light Station which has been in operation over three-quarters of a century will be closed permanently May 1.

The lighthouse which consists of the lantern tower, a story and a half dwelling for the keeper and other outbuildings was built during 1856. It is located on the west side of Green Island, a little tract of land mostly rocks and sand with but little vegetation.

Blue Hill Bay station was never rebuilt, and stands today just as originally built, before the Civil War. The economy act has caused many of these small light stations to be done away with, where sufficient protection could be given to navigation without endangering seagoing craft and lives. A lighted buoy giving forth as much candle power as the lighthouse, is one of the most modern methods, and can be located near the island, and serve the same purpose.

The new Green Island Lighted Bell Buoy, as it will be hereafter known on the chart, is to be established in 25 feet of water about 350 yards 90 degrees from Blue Hill Bay Light-house. Lighted buoy will be painted in black, with white vertical stripes; the light will show groups of short, and long white flashes of 140 candle

power. The beacon will show itself 12 feet above water, that will be visible seven miles. The buoy will be maintained annually from May 1 to Nov. 30.

Owing to this new change the Blue Hill Bay Light Station, and fog bell will be permanently discontinued. The structure on the island will remain the same and will hereafter be known as Green Island Beacon.

Mr. Foss who has been keeper at this station for sometime has been transferred as keeper at the Cuckolds, Newagen entrance to Boothbay Harbor.

## WASHINGTON

An item coupling the names of a man and a married woman recently came to this office in a signed communication, and was printed in the Washington news in the belief that both parties involved were men. Apology is hereby made to Mr. Kaler and Mrs. Hilbert for this error on the part of the newspaper staff, and the item in corrected form has already appeared among news sent by the regular correspondent.

Father—"Well, waddyde want—a pension?"—Punch Bowl.

## THE GRADE SCHOOLS

## Here's a Right Newsy Budget From the Tyler School's Fifth

## Grade Five, Tyler School

Here we are starting on a week's vacation. There are five things we have planned to do—play strenuously, eat all we can hold, do a good turn daily, read a short time each day, and early to bed.

We have had 16 visitors this term, but none so charming as little 18-months-old Helen Candage, who made us a short call one afternoon.

Lena Cuccinello broke her ankle while sliding on the hill. Her classmates sent her a box of gifts, including dolls, games, books, fruit and candy.

Quite a surprise is caused each week by the new faces that occupy our seven honor seats. We haven't any division, but change seats on rank. It is great fun to race your buddy for the corner back seat.

We would like Representative Moran to know that a great many of the fifth grade were listening in when Congress convened and heard him answer "Here." In our study of history, we enjoy the large map he sent to the building.

Our most popular song at present is "To The Knights In The Days Of Old." After school, when our work is finished, we gather around the piano and enjoy singing—some shy folks sing duets, some sing alone. A real song fest was enjoyed by 16 young folks after school recently.

The "Crusader Song" is also a favorite. These songs are sung by a quartet, ladies, drawbridge, most, courtier, chapel, knights-in-armor which have since appeared on our sand-table. This work was done by Priscilla Brazier and helpers. We are also reading "The Red Rose of Dunmore." A story of old England in the time of Richard III and Henry of Richmond.

One Gay Miss Steele told us that she had a dog whose name was "Gypsy King." His home life and diet were carefully explained to us. Although he had a tree and presents Santa forgot the sled, he so much desired.

Now "Gypsy King" has a brother whose owner is a Harvard College professor. This brother's every wish is gratified. He even goes to kindergarten every day, at a cost of 25 cents an hour. There he learns to be of use to the weary professor and his wife (who also tells, at the end of the day, "He can count as far as six, carries coats, rubbers, hats, etc., to their accustomed places, gets the professor's slippers, and does so many other tricks. Feeling sorry for "Gypsy King," after hearing of the rich brother, we desired to get him a sled. Douglas McMahon gave us a sled. Little Walter Flanders visited Bill Sullivan's "park" (?) for a pair of baby-carriage handles. Alderman John Bernet furnished the paint, and Mr. Flanders the wood and labor. Finally the little blue and gold chariot, on runners for "Gypsy King" was a reality. Lena Cuccinello made a pillow, Josephine Farrington a patch-work quilt, a blue blanket and then ten shining new pennies appeared neatly tied in fancy paper.

The day arrived when "Gypsy King" was to visit school! At recess he opened the packages, one by one! The room looked as home looks after the children's presents have been opened on Christmas morning. After jumping on the sled several times, "Gypsy King" offered to lend his sled to some sick baby who needed the nice fresh air this winter. He proudly exhibited his presents and sled to the other grades and went home with his "mother," a tired but happy little doggie.

In explanation of the gold pennies I will say that he went visiting at the "honest" fountain pen, now he has a bank in which to save his pennies to replace the lady's pen. We are very glad he only "tatted" of the fifth grade's decorations!

We thank the lady in Tacoma, Washington, for the booklet and picture she sent to us. Pictures are a great help in our lessons and are enjoyed by all our group.

There seems to be unusual talent in this class. Several play instruments and many are experts at drawing. Priscilla Brazier and Grace Blithen have already given a drawing lesson. Elmer Havener's turn as teacher was this week, and John Crockett taught us to weave maypoets.

Priscilla Brazier and Pauline Carroll, in costume, sang and dramatized the song "Pandango" for Mrs. Rogers one morning. Bobby Petter plays the bario, while Barbara Robin and Shilene McKinney play violins. Roger Conant, John Crockett, Shilene McKinney, Ebba Kallach, Carl Kallach and Priscilla Brazier play the piano. Ebba and Carl Kallach, Richard Brown, Pauline Carroll and Priscilla Brazier play the harmonica. John Crockett has entertained us with "magic" tricks of all descriptions at our assemblies, on Fridays, and at present intends to be a magician when he has grown up.

In a discussion as to a chosen profession when we are "grown up" every known occupation seemed to have its quota. "Aviator" of course led all the others. One girl chose to be "just a plain lady, not having to work or do anything" she said.

Woodrow Cayton has moved to Boston.

Pauline Carroll brought Mayflowers to school April 11.

Raymond Smallwood and Charles Mitchell were among the visitors last week, but would not weave maypoets. The bulbs we bought last October are just sprouting.

Carl Kallach brought us some fine news pictures last week. We like to read the current events and learn what is going on in the world.

We have a new girl, Rose Demmons, who came to us from Grace street.

Because Mrs. Amory B. Allen doesn't care to have her name appear in the paper, it will be impossible for us to thank her for the plants and snails she sent for our gold fish.

Bertrand McClure gave a nature talk on "Animal Life on Sea and Land." Specimens were sent to him by his mother from Cienfuegos, and exhibited in class. A queer odor, not of "Sea or Land" greeted us on our return to the room the next morning and we found that Mrs. Crab had died in the night. We immediately presented her to our faithful janitor. However, the delectable

"sea-odor" (as appreciated by the third grade teacher) could not be tolerated by the principal of the building.

Sixteen children are on the Perfect Attendance Honor Roll for this term: Grace Blithen, Richard Brown, Laura Candage, Roger Conant, Pauline Carroll, John Crockett, Edwin Cross, Josephine Farrington, Ruth Hammond, Carl Kallach, Raymond Lindsey, Douglas McMahon, Elmer Pinkham, Arthur St. Clair, Phyllis Torrey, Marie Tripp.

Former pupils of this room (5) will be pleased to learn that the teacher has a new desk and chair.

## COME EARLY, STAY LATE

Such Is Invitation Offered By Vacationland, Maine Central Booklet

"Vacationland," a 66-page prettily illustrated booklet describing the all-year-round vacation attractions of the State of Maine, has just been issued by the Maine Central Railroad. Fifty thousand copies describing in detail the various sports and recreations to be enjoyed in the Pine Tree State throughout the year, are to be distributed by the railroad as a part of its contribution towards furthering the interests of the state among vacationists.

"Come early this summer and stay late" is the slogan on the title page. The text of the booklet is divided into various sections describing the beauties of the Maine coast, Maine's lakes and woods, its fishing attractions, boating, golfing, mountain climbing, swimming, canoeing, horseback riding, and a long list of other attractions. One section is devoted to a description of Acadia National Park, while others divide the state into various regions describing the principal attractions in each. The principal golf courses in the state are listed in a separate index.

## STRAND THEATRE

A tale of thrilling adventure with colorful romance comes Wednesday with the First National picture, "Mandalay." The theme concerns a beautiful Russian girl, an exile from her own country, who is sold into virtual slavery to a resort keeper by her own lover. Her escape on a boat to Mandalay and her pursuit entails some of the most thrilling action in the picture. Colorful scenes take place in the night club resort which is patronized by civil and army officers, travelers or any of the whites who have the necessary money to spend, and aboard a boat on the Irrawaddy River where the principal characters meet again in conflict and romance. There is an unusually strong cast which includes such players as Kay Francis, Ricardo Cortez, Warner Cland and Lily Talbot.

The dramatic story of an enlisted man in the regular army is the theme of "Keep 'Em Rolling," with Walter Huston and Frances Dee, showing Thursday. Huston portrays Benny Walsh, an incorrigible recruit back in 1915 at Fort Myer, Virginia, where "Keep 'Em Rolling" has been filmed with the 16th Field Artillery and 3rd Cavalry. He finds kindred spirit in a horse, Rodney, who is equally boisterous. They become fast friends.

Benny and Rodney are separated, then reunited. They go to battle during the World War; are wounded while Rodney salvages an artillery cannon from deep mud to rescue an ambushed regiment; decorated for bravery, and return to Fort Myer. Now their peaceful years are interrupted by an efficiency expert who rules them out of the army. Marjorie Deane, Benny's superior's daughter and his life-long friend, risks her engagement to the efficiency officer to help Benny—adv.

## All-America Bridge Champion

David Burnstine and Shepard Barclay

ANNOUNCEMENT of the "Big Ten" in contract bridge for the past year shows David Burnstine of New York as the Champion of champions. He heads the list of Collier's all-America team by a wide margin. In the photograph he is shown with Shepard Barclay, bridge editor of Collier's, who makes the official selections from the year's tournament winners. Burnstine is the living answer to the question of whether bridge can be learned from books. He began studying bridge eleven years ago, reading everything he could find in the Boston Public Library. He started applying this book-knowledge and has now completed the greatest winning year in the history of the game. He holds a greater number of championships than any other living player. He is 34 years old and pronounces the last syllable of his name "steen."
